*M*éditerranée is a cosmopolitan resource for innovative designers, sophisticated collectors, and intrepid antiques aficionados.

This impressive design center is located center stage on Summerland’s famed antiques row. Proprietress Carolina Pierpont has transformed an entire historic block, which includes the town’s first [1890] post office and a turn-of-the-century nursery, into a stylish habitat catering to eclectic tastes and comfortable lifestyles.

The original greenhouse is now a dramatic gallery hosting the shop’s specialties: exquisite European and Spanish Colonial fine art and rare antiques. The ever-blooming gardens showcase vintage outdoor ornamentals and even ancient statuary. Onsite quaint outbuildings chically display hand selected accessories, architectural elements and furnishings spanning centuries, borders and styles. This is truly a unique place, where quality always comes first.

Méditerranée is also home to Pierpont Paris, custom manufacturer of classic reproductions by Designer Francois Paris.
